

## Acquisition of Beacon Health Options

*This communication applies to the Medicaid and Dual Advantage programs for Healthy Blue.*

Anthem, Inc. completed its acquisition of Beacon Health Options (Beacon), a large behavioral health organization that serves more than 36 million people across the country. Beacon will operate as a wholly owned subsidiary of Anthem. Healthy Blue is a partnership with a subsidiary of Anthem, Inc. to provide administrative services on behalf of Medicaid and Dual Advantage members.

Bringing together our existing solid behavioral health business with Beacon's successful model and support services creates one of the most comprehensive behavioral health networks in the country. It's also an opportunity to offer best-in-class behavioral health capabilities and whole-person care solutions in new and meaningful ways to help people live their best lives.

From the standpoint of our customers and providers at this time, it's business as usual:

- Members should continue to call the customer service number on the back of their membership card or access their health plan's website for online self-service.
- Providers should continue to use the provider service contact information, websites and online self-service websites as part of their agreement with either Healthy Blue or Beacon.
- There will be no immediate changes to the way Healthy Blue or Beacon manage their respective provider networks, contracts and fee arrangements. Healthy Blue and Beacon provider networks, contracts and fee arrangements will remain separate at this time.

We know our providers continue to expect more of their health care partner, and at Healthy Blue, we aim to deliver more in return.
