Are there changes to the way I check eligibility for Healthy Blue members?

- To confirm eligibility and benefits, continue to search using the full member ID number in effect on the date of service.
- Remember to include the XHB prefix added to member ID numbers when checking member eligibility for dates of service beginning September 1, 2017. For dates of service prior to September 1, 2017, member ID numbers did not include a prefix.

Are there changes to the way I submit claims for Healthy Blue members?

- Please continue to submit *all* Medicaid claims to Healthy Blue.
- Use the new alpha character prefix (XHB) added to the member ID number on the Healthy Blue card to bill the claim regardless if the date of service is prior to or after the September 1, 2017, name change. We recommend you update your system with the XHB prefix to submit claims.
 - The XHB prefix is required for claim status checks and member look-ups.
 - Billing with or without the XHB prefix will not affect payments and will not cause the claim to deny at this time.
- Please continue to submit claims through:
