

		Reimb	oursement Policy	
Subject: Portable/Mobile/Handheld Radiology				
Effective Date: 04/09/09	Committee Approva 07/03/19	al Obtained:	Section: Radiology	

\*\*\*\*\*The most current version of our reimbursement policies can be found on our provider website. If you are using a printed version of this policy, please verify the information by going to <a href="https://providers.healthybluela.com">https://providers.healthybluela.com</a>.\*\*\*\*\*

These policies serve as a guide to assist you in accurate claim submissions and to outline the basis for reimbursement by Healthy Blue if the service is covered by a member's Healthy Louisiana benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT® codes, HCPCS codes and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to both participating and nonparticipating providers and facilities.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Healthy Blue may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.

Healthy Blue reimbursement policies are developed based on nationally accepted industry standards and coding principles. These policies may be superseded by mandates in provider, state, federal or CMS contracts and/or requirements. System logic or setup may prevent the loading of policies into the claims platforms in the same manner as described; however, Healthy Blue strives to minimize these variations.

Healthy Blue reserves the right to review and revise our policies periodically when necessary. When there is an update, we will publish the most current policy to this site.

when there is an apaate, we will publish the most current policy to this site.			
	Healthy Blue allows reimbursement for portable/mobile radiology		
	services when furnished in a residence used as the member's home and		
	if ordered by a physician and performed by qualified portable radiology		
	suppliers unless provider, state, federal or CMS contracts and/or		
	requirements indicate otherwise.		
Policy			
•	Portable/mobile radiology studies should not be performed for routine		
	purposes or for reasons of convenience. Reimbursement is based on the		
	applicable fee schedule or contracted/negotiated rate for the		
	radiological service and transportation and setup components with the		
	use of applicable modifiers.		

#### https://providers.healthybluela.com

**Note:** Portable radiology suppliers must be licensed or registered to perform services as required by applicable state laws.

## **Transportation and Setup**

Healthy Blue allows reimbursement for transportation and setup of portable radiology equipment when transported to the member's residence. Transportation costs are payable when the portable X-ray equipment used was actually transported to the location where the X-ray was taken. Reimbursement for the **setup** cost of portable radiology equipment is separately reimbursable.

Reimbursement for **transportation** is based on a single payment for each particular location regardless of the number of members receiving radiological services. For services provided to more than one member, the transportation cost is divided by the total number of members receiving services at that location. If more than one member receives portable radiology services, providers must bill with one of the following applicable modifiers:

- Modifier UN two members served
- Modifier UP three members served
- Modifier UQ four members served
- Modifier UR five members served
- Modifier US six or more members served
  - Total payment for the service is divided by six regardless of the number of members served

No modifier is required when only one member is served.

#### **Nonreimbursable**

Healthy Blue does not allow reimbursement for transportation costs of equipment stored for use as needed at any location qualifying as a member's residence.

If the diagnostic X-rays are not covered, payment will not be made for the transportation and setup fee.

### **Handheld Radiology**

The use of handheld radiology instruments is allowed. Reimbursement will be part of the physician's professional service, and no additional charge will be paid. The technical components for handheld radiology are not separately reimbursable.

# History

- Biennial review approved 07/03/19: Policy template updated
- Biennial review approved and effective 04/03/17
- Biennial review approved **08/24/15**; definition section updated
