

Reimbursement Policy

Subject: DME Modifiers for New, Rented and Used Equipment

Effective Date: Committee Approval Obtained: Section: **09/14/20 09/14/20 Coding**

***** The most current version of our reimbursement policies can be found on our provider website. If you are using a printed version of this policy, please verify the information by going to https://providers.healthybluela.com.*****

These policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if the service is covered by a Healthy Blue Dual Advantage (HMO D-SNP) member's plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT® codes, HCPCS codes and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to participating providers and facilities; a noncontracting provider who accepts Medicare assignment will be reimbursed for services according to the original Medicare reimbursement rates.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, Healthy Blue Dual Advantage may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.

Healthy Blue Dual Advantage reimbursement policies are developed based on nationally accepted industry standards and coding principles. These policies may be superseded by mandates in provider, state, federal, or CMS contracts and/or requirements. System logic or set up may prevent the loading of policies into the claims platforms in the same manner as described; however, Healthy Blue Dual Advantage strives to minimize these variations.

Healthy Blue Dual Advantage reserves the right to review and revise its policies periodically when necessary. When there is an update, we will publish the most current policy to the website.

Policy

Healthy Blue Dual Advantage allows reimbursement for new, rented or used equipment appended with the appropriate modifier unless provider, state, federal or CMS contracts and/or requirements indicate otherwise. The listed modifiers are considered reimbursement modifiers and must be billed in the primary or first modifier field to determine appropriate reimbursement:

- Modifier NU: new equipment
- Modifier RR: rented equipment

https://providers.healthybluela.com

	Modifier UE: purchase of used equipment
	These modifiers are appropriate for durable medical equipment (DME), prosthetics and orthotics. These modifiers are inappropriate for supplies unless required under state or CMS guidelines. Claims for supplies appended with modifier NU, RR or UE may be denied.
	Reimbursement will be based on the applicable fee schedule or contracted/negotiated rate for claims submitted for the equipment with the valid modifier identifying new, rented or used equipment. Claims submitted for equipment without the appropriate reimbursement modifier may be denied.
History	 Biennial review approved and effective 09/14/20 Initial approval effective 01/01/20
References and Research Materials	This policy has been developed through consideration of the following: CMS State contract
21244022402	Durable Medical Equipment (DME): items that meet the following criteria:
Definitions	 Are primarily and customarily used to serve a medical purpose rather than convenience or comfort Can withstand repeated use Generally are not useful to a person without an illness or injury Are appropriate for use in the home
	 Are prescribed by a licensed physician/practitioner Prosthetic Device: an artificial structural and functional
	replacement of a limb/appendage or internal organ, or all or part of the function of a permanently inoperative or malfunctioning internal body organ
	 Orthotic Device: a brace with rigid metal or plastic stays applied to the body for support or immobilization of a body part to correct or prevent deformity, or to assist or restore function General Reimbursement Policy Definitions
