

		Reimbursement Policy
Subject: Global Surgical Package for Professional Providers		
Effective Date: 04/21/20	Committee Approval Obtained: 04/21/20	Section: Surgery
<p>*****The most current version of our reimbursement policies can be found on our provider website. If you are using a printed version of this policy, please verify the information by going to https://providers.healthybluel.com.*****</p>		
<p>These policies serve as a guide to assist you in accurate claim submissions and to outline the basis for reimbursement by Healthy Blue if the service is covered by a member’s Healthy Louisiana benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member’s state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT® codes, HCPCS codes and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to both participating and nonparticipating providers and facilities.</p> <p>If appropriate coding/billing guidelines or current reimbursement policies are not followed, Healthy Blue may:</p> <ul style="list-style-type: none"> • Reject or deny the claim. • Recover and/or recoup claim payment. <p>Healthy Blue reimbursement policies are developed based on nationally accepted industry standards and coding principles. These policies may be superseded by mandates in provider, state, federal or CMS contracts and/or requirements. System logic or setup may prevent the loading of policies into the claims platforms in the same manner as described; however, Healthy Blue strives to minimize these variations.</p> <p>Healthy Blue reserves the right to review and revise our policies periodically when necessary. When there is an update, we will publish the most current policy to this site.</p>		
Policy	<p>Healthy Blue allows reimbursement for the global surgical package unless provider, state, federal, or CMS contracts and/or requirements indicate otherwise.</p> <p>Healthy Blue follows CMS global surgery values. The global surgery package may be furnished in any setting and reimbursement applies to both minor and major surgical procedures as defined by their postoperative periods of 0, 10 or 90 days.</p>	

Included in the Global Surgical Package

Reimbursement for the following components is included within the global surgical package:

- Preoperative services rendered after the decision is made to operate, beginning with the day before major procedures and the day of surgery for minor procedures
- Intraoperative services that are normally a usual and necessary part of a surgical procedure
- Visits during the postoperative periods that are related to recovery from the surgery regardless of location
- Treatment for all additional medical or surgical services required of the surgeon during the postoperative period of the surgery because of complications, which do not require additional trips to the operating room and that are not categorized as a hospital-acquired condition or present on admission
- Postsurgical pain management by the surgeon
- Miscellaneous surgical services and supplies used during the surgery

Unlisted Surgical Procedures Included in Global Package

Reimbursement for an unlisted surgical procedure is based on the review of the unlisted code on an individual claim basis. Claims submitted with unlisted codes must contain the following information and/or documentation describing the procedure or service performed for consideration during review:

- A written description
- Office notes
- An operative report

Add-On Surgical Procedures Included in Global Surgical Package

The global surgical period for an add-on surgical procedure will be based on the primary surgical code.

Separately Reimbursable from Global Surgical Package

The following services are not included in the payment amount for the global surgery and are separately reimbursable expenses:

- The initial consultation or evaluation by the surgeon to determine the need for a major surgical procedure
- Services of other physicians except where the surgeon and the other physician(s) agree on the transfer of care — the agreement must be in the form of a letter or an annotation in the discharge summary, hospital record or Ambulatory Surgical Center (ASC) record
- Visits during the postoperative period of surgery that are unrelated to the diagnosis of the surgery unless the visits occur due to complications of the surgery
- Treatment for an underlying condition or an added course of treatment, which is not part of the normal recovery from surgery

	<ul style="list-style-type: none"> • Diagnostic tests and procedures • Clearly distinct surgical procedures during the postoperative period that are not reoperations or treatment for complications • Treatment for postoperative complications which require a return trip to the operating room • The second procedure if a less extensive procedure fails and a more extensive procedure is required • Immunosuppressive therapy for an organ transplant • Critical care services unrelated to the surgery where a seriously injured or burned member is critically ill and requires constant attendance of the physician <p>Providers must use applicable HIPPA-compliant modifiers for any services provided during the post-operative period.</p>
