

Ambulance treatment-in-place/telehealth billing guidelines

Effective for dates of service on and after March 1, 2020

The treatment-in-place service consists of a treatment-in-place ambulance service plus a treatment-in-place telehealth service. Each treatment-in-place ambulance service must have a corresponding treatment-in-place telehealth service.

Treatment-in-place ambulance claim:

The treatment-in-place ambulance service must be separately billed from the treatment-in-place telehealth service.

The ambulance provider's NPI must be enrolled as an ambulance service billing provider with Healthy Blue.

Supply codes A0382 and A0398 are payable but mileage (A0425) and other ambulance transportation services are not payable. Claims billed with non-payable ambulance treatment-in-place services will be denied.

Claims must indicate treatment-in-place destination code *W* in the destination position of the origin/destination modifier combination.

Valid treatment-in-place ambulance claim modifiers:

Modifier	Origination site	Destination
DW	Diagnostic or therapeutic site other than P or H when these are used as origin codes	Tx-in-Place
EW	Residential, domiciliary, custodial facility (other than 1819 facility)	Tx-in-Place
GW	Hospital based ESRD facility	Tx-in-Place
HW	Hospital	Tx-in-Place
IW	Site of transfer (e.g. airport or helicopter pad) between modes of ambulance transport	Tx-in-Place
JW	Freestanding ESRD facility	Tx-in-Place
NW	Skilled nursing facility	Tx-in-Place
PW	Physician's office	Tx-in-Place
RW	Residence	Tx-in-Place
SW	Scene of accident or acute event	Tx-in-Place

Healthy Blue is the trade name of Community Care Health Plan of Louisiana, Inc., an independent licensee of the Blue Cross and Blue Shield Association.

BLAPEC-2473-21 April 2021

If a patient being treated-in-place has a real-time deterioration in their clinical condition necessitating immediate transport to an emergency department, the ambulance provider cannot bill for both the treatment-in-place ambulance service and the transport to the emergency room. In that case, the **ambulance provider shall bill only for the emergency department transport.**

Requests for consideration or reconsideration of Healthy Blue claim denials for multiple treatment-in-place and treatment-in-place and transport claims rendered on the same date of service for the same recipient, should be submitted to Healthy Blue as a hard copy with **pre-hospital care summary reports** attached, demonstrating the services were rendered for different occurrences.

Mail hard copy claims to:

Healthy Blue
 Claims Department
 P.O. Box 61010
 Virginia Beach, VA 23466-1010

Mail hard copy reconsideration requests to:

Healthy Blue
 Payment Dispute Unit
 P.O. Box 61599
 Virginia Beach, VA 23466-1010

Optional procedure code for patient's refusal to participate in ET3 model interventions

For informational purposes, ambulance providers may include **G2022** on ambulance transportation claims to an ER that met ET3 model but the member refused TIP and transportation to alternative destination (TAD).

Optional				
Procedure code	Description	When to use it	Where to use it	Fee
G2022	Beneficiary refuses treatment in place services	Ambulance transport claims to an ER that met TIP or TAD criteria but the patient refused.	CPT®/HCPCS code field	\$0.00

Treatment-in-place telehealth claims:

Treatment-in-place telehealth services must be separately billed from treatment-in-place ambulance services.

Claims for allowable telehealth procedure codes must be billed with **the addition of G2021 procedure code.**

The G2021 code will be accepted, paid at \$0.00 and used by Medicaid to identify treatment-in-place telehealth services. Please see details in the chart below.

As with all telehealth claims, providers must include POS identifier of 02 and modifier 95 with their claim to identify the claim as a telehealth service. Providers must follow CPT guidance relative to the definition of a new patient versus an established patient.

Procedure code	Modifier	Place of service	Description	When to use it	Where to use it	Fee
G2021	95	02	TIP telehealth service	When providing TIP telehealth services	CPT/HCPCS code field; must be used when providers bill claims for the telehealth service.	\$0.00

Billing and rendering providers

The billing provider’s NPI must be enrolled as a professional service billing provider with Healthy Blue.

The rendering provider’s NPI must be reported on the claim for both the E/M telehealth procedure code and the G2021 procedure code¹ and must be enrolled with Healthy Blue. Valid rendering providers are licensed physicians, advanced practice registered nurses and physician assistants. Rendering providers must be *linked* to the billing provider.

For questions or assistance with Healthy Blue enrollment and linkage, contact Healthy Blue Provider Relations at **504-836-8888** or lainterpr@healthybluelua.com.

Approved telehealth procedure codes:

Category	Service	CPT codes
Evaluation and Management, Office or Other Outpatient Service	New patient	99201 ² , 99202, 99203, 99204, 99205
	Established patient	99211, 99212, 99213, 99214, 99215

Claims failing to adhere to these requirements are subject to post-payment review, recoupment and additional sanctions as deemed appropriate by Louisiana Medicaid.

¹ Rendering provider NPI is required when it is different than the billing provider, ASCX 12N/5010X222

² Procedure code 99201 deleted effective with DOS 01-01-2021
