

A message from Louisiana Department of Health.

Peer Support Specialist Supervision Training

The Office of Behavioral Health (OBH) would like to take this opportunity to inform all Louisiana Medicaid Managed Care Organizations (MCOs) of the Peer Support Specialist Supervisor Training scheduled to occur February 18 – 19, 2021. This training will be held virtually. The purpose of this training is to provide supervisors with an understanding of best practices for the supervision of Peer Support Specialists.

Louisiana currently utilizes the curriculum developed by the RI International of Arizona for this training. This is a two-day/12 hour course, and participants are expected to participate in the full two days by video. In preparation for implementation of this service, the registration fee of \$250 is waived for this training.

Continuing Education Units (CEUs) are pending, as they are being applied for with the Social Worker and LPC Boards.

Please note capacity for this training is limited. Preference will be given to supervisors employed by an LGE or MCO. Should the number of registered participants exceed the limit for the training, organizations may be asked to limit participants. The deadline to register for this training is February 5, 2021. If you have any questions or to register for this training, please contact George Mills at george.mills@theextramileregioniv.com or Ricardo Williams at ricardo.williams2@la.gov.
