

# Early and Periodic Screening, Diagnosis and Treatment Provider Toolkit

The Early and Periodic Screening, Diagnosis and Treatment (EPSDT) program is Medicaid's federally mandated comprehensive and preventive health program for individuals under the age of 21. EPSDT was defined by law as part of the *Omnibus Budget Reconciliation Act of 1989* and requires states to cover all services within the scope of the federal Medicaid program. The intent of the EPSDT program is to focus on early prevention and treatment. Requirements include periodic screening, vision, dental and hearing services.

## Healthy Blue's EPSDT program supports the individual state plans by:

- Providing a repository to house EPSDT data.
- Mailing annual preventive care recommendations to members.
- Mailing reminders to members to schedule appointments.
- Mailing letters to providers with a listing of members who may have missed services.

Healthy Blue's EPSDT program includes additional member outreach activities and case management, as well as a provider pre-service report.
