

Utilization management *Clinical Criteria*

Attached is a list of the *Clinical Criteria* Healthy Blue has adopted.

The full list of *Medical Policies* and *Clinical Utilization Management (UM) Guidelines* are publicly available to help you provide quality care by reducing inappropriate use of medical resources. In addition, please visit the [provider manuals and guides section of our website](#) to view additional tools and resources.

MCG Care Guidelines are used only for:

- Medical necessity review for medical inpatient review.
- Inpatient site of service appropriateness.
- Inpatient rehabilitation and skilled nursing facility review.
- Outpatient-based service or procedure where there is not an established *Medical Policy* or *Clinical UM Guideline*.

Louisiana specific guidelines in compliance with the *Louisiana Behavioral Health Services Provider Manual Chapter 2* of the *Medicaid Service Manual* is used for substance use services according to state requirements. Louisiana Medicaid Managed Care Organization contract, regulatory guidance, CMS requirements, and our *Medical Policy/Clinical UM Guidelines* supersede *MCG Care Guidelines*.

Note: We make determinations of medical necessity on a case-by-case basis in accordance with the definition of medical necessity that is contained within the Louisiana Medicaid Managed Care Organization contract, regulatory guidance, CMS requirements, or in our *Medical Necessity Criteria Policy ADMIN.0004*.

If the request does not meet established criteria guidelines, it will be referred to a licensed physician or licensed psychologist reviewer with the appropriate clinical expertise to make a decision.

Not all of the services and codes referenced within these criteria are reimbursed under Louisiana Medicaid. Please refer to Louisiana Medicaid guidelines for coverage and reimbursement information.

To view the below criteria, select the link in the **Criteria Title** column. For additional information regarding our *Medical Policies* and *Clinical UM Guidelines*, visit our [Medical Policies and Clinical UM Guidelines webpage](#).
