

## Follow up notice: Update on claims submission for MHR services with new taxonomy code

### Summary of update

Effective June 23, 2023, all providers must use this new taxonomy code when submitting claims for Mental Health Rehabilitation Agency and Behavioral Health Rehab Provider Agency (MHR) services.

Louisiana Department of Health (LDH) introduced a new taxonomy code for MHR services. The new code, **261QM0801X**, is intended to replace the current taxonomy code that is used by healthcare providers to identify MHR services. This taxonomy code is not required to be your primary taxonomy.

**Our records indicate that your office may need to make the necessary changes to replace and update your billing systems as well as update National Plan and Provider Enumeration System (NPPES) with the new taxonomy.**

Failure to use the correct code may result in claim denials or delays in payment. We encourage you to update your billing systems and processes to ensure that you are using the correct taxonomy code of **261QM0801X** when submitting claims for MHR services.

### What if I need assistance?

If you have questions about this communication or need assistance with any other item, contact your local Provider Relationship Management representative or call Provider Services at **844-521-6942**.

**Email is the quickest and most direct way to receive important information from Healthy Blue.**
