Reimbursement Policy
Modifier 62

Policy Number: **G-06027**
Policy Section: **Coding**
Last Approval Date: **03/26/2026**
Effective Date: **03/26/2026**

Visit our provider website for the most current version of the reimbursement policies. If you are using a printed version of this policy, please verify the information by going to **https://provider.healthybluela.com**.

Policy

The health plan allows reimbursement of procedures eligible for co-surgeons when billed with modifier 62 unless provider, state, federal, or CMS contracts and/or requirements indicate otherwise.

Reimbursement to each surgeon is based on 62.5% of the applicable fee schedule or contracted/negotiated rate. Co-surgeons must be from different specialties and performing surgical services during the same operative session. However, the health plan does not consider surgeons performing different procedures during the same surgical session as co-surgeons, and modifier 62 is not required.

Each surgeon must bill the same procedure code(s) with modifier 62, when applicable. If one or both surgeons fail to use the modifier appropriately, it is possible that one surgeon may receive 100% of the applicable fee schedule or negotiated/contracted rate, and the other surgeon's claim may be denied or pended due to a duplicate or suspected duplicate service, respectively.

Assistant surgeon and/or multiple procedures rules and fee reductions apply if:

- A co-surgeon acts as an assistant in performing additional procedure(s) during the same surgical session.
  Note: Assistant surgeon rules do not apply to procedures appropriately billed with modifier 62.
- Multiple procedures are performed.

Related Coding

Standard correct coding applies.

Healthy Blue is the trade name of Community Care Health Plan of Louisiana, Inc., an independent licensee of the Blue Cross Blue Shield Association.
LA-HB-CR-RP-013078-26-GRP3349 August 2026

Definitions

- **Modifier 62:** When two surgeons work together as primary surgeons performing distinct part(s) of a procedure, each surgeon should report his/her distinct operative work by adding modifier 62 to the procedure code and any associated add-on code(s) for that procedure as long as both surgeons continue to work together as primary surgeons. Each surgeon should report the co-surgery once using the same procedure code. If additional procedure(s) (including add-on procedure{s}) are performed during the same surgical session, separate code(s) may also be reported with modifier 62 added. Note: If a co-surgeon acts as an assistant in the performance of additional procedure(s), other than those reported with the modifier 62, during the same surgical session, those services may be reported using separate procedure code(s) with modifier 80 or modifier 82 added, as appropriate.

- **08/07/2020 –** Intial approval and effective

Disclaimer

These reimbursement policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if the service is covered by a member’s benefit plan. The determination that a service, procedure, or item is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must also meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis, as well as to the member’s state of residence.

Ensure that you use proper billing and submission guidelines, including industry-standard, compliant codes on all claim submissions. Services should be billed with Current Procedural Terminology (CPT®) codes, Healthcare Common Procedure

Coding System (HCPCS) codes, and/or revenue codes. These codes denote the services and/or procedures performed and, when billed, must be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our reimbursement policies apply to participating providers and facilities; a noncontracting provider who accepts Medicare assignment will be reimbursed for services according to the original Medicare reimbursement rates.

If appropriate coding/billing guidelines or current reimbursement policies are not followed, we may:

- Reject or deny the claim.
- Recover and/or recoup claim payment.
- Adjust the reimbursement to reflect the appropriate services and/or procedures performed.

These reimbursement policies may be superseded by mandates in provider, state, federal, or Centers for Medicare & Medicaid Services (CMS) contracts and/or requirements. We strive to minimize delays in policy implementation. If there is a delay, we reserve the right to recoup and/or recover claims payment to the effective date, in accordance with the policy. We reserve the right to review and revise these policies when necessary. When there is an update, we will publish the most current policy to the website.
